

Dear GHS Athlete and Parents,

Thank you for your efforts and dedication to Garrett High School and its athletic programs. I hope your experience this season was a great one! The purpose of our athletic programs is to provide our student-athletes with experiences that will be remembered for a lifetime. We hope to be a key part of the education of the young adults who attend GHS by providing discipline, instilling strong a strong work ethic, and teaching the application of ethical behavior. Getting involved in school activities is one of the best ways for young people to grow. With that said, we still remember that one of the biggest reasons kids join athletic teams is to have fun. The balance of work and fun is one thing we will always strive to keep.

In order to ensure the continual development of our athletic programs, we ask that you provide an honest evaluation of this last season's experience. Please evaluate each question as parent and child and together answer honestly. We want to know what areas show our strengths as coaches and as a program overall. We also need to know what key areas you feel need improvement. If you prefer to remain anonymous, feel free to do so, but remember your comments are much more credible when your name is used. Regardless, I would like to emphasize that survey results will not be used as part of any coach's evaluation.

In the next week, we ask that you please return the entire evaluation to our athletic department by either dropping it off at the school or mailing to:

Garrett HS
Athletic Department
801 E. Houston St.
Garrett, IN 46738

Feel free to email your responses as well to chrisdepew@gkb.k12.in.us

We are very interested in what you think about how we do things. The student-athletes that follow in the years to come will benefit greatly from what you say.

Thank you again.

Chris DePew
Athletic Director

Garrett Athletics

Post-Season Evaluation

What sport did you just complete? _____
(please specify if necessary whether it was a boys or girls sport)

Head Coach: _____

Athlete's Name: _____

Parents' Names: _____
(If you choose to remain anonymous, feel free to do so.)

Rate each category by circling the appropriate number. A "10" would be "outstanding" and a "1" would be "very poor".
Please write as many comments as possible and use additional paper if needed.

10 *9* *8* *7* *6* *5* *4* *3* *2* *1*
Outstanding *Good* *Average* *Poor* *Very Poor*
